The Academy of
 Breastfeeding Medicine

ABM's 3rd European Regional Conference for Physicians March 20-21, 2010 Torun, Poland

Cosponsored by:

Province
 Kujawsko-Pomorskie

City of Torun

Copernicus University

Mother's Milk Foundation

Polish Neonatal Society

Polish Ministry of Health

Dear Colleagues:

The Academy of Breastfeeding Medicine (ABM) invites you to attend the 3rd European Conference on **20-21 March, 2010** in Torun, Poland.

The ABM is a worldwide organization of physicians dedicated to the promotion, protection and support of breastfeeding and human lactation through education, research and advocacy. ABM's mission is to unite members of various medical specialties through physician education, expansion of knowledge in breastfeeding and human lactation science, facilitation of optimal breastfeeding practices and encouragement of the exchange of information among organizations.

In addition to the International Meetings in the USA, ABM is cooperating with the Copernicus University of Torun to host a European meeting for physicians on breastfeeding topics. This meeting will include speakers from different European countries and the United States. It will concentrate on the discussion of breastfeeding issues of both mother and child. Simultaneous translation will be offered in Polish, English and German. In the evening we will enjoy a concert and dinner in the historic city of Torun, to which we are invited by the Marshal of the Province Kujawsko-Pomorskie.

The meeting will take place in Hotel Bulwar in Torun, Poland. This city of Copernicus and protected UNESCO heritage site is certainly worth a visit. Our Polish partner in the organization of this event is the Foundation Mleko Mamy, Mother's Milk, which was founded to encourage breastfeeding in Poland. For up-to-date information as well as information about travel or hotel accommodations go to www.bfmed.org, or our conference website www.mlekomamy.pl/abmconference

We look forward to seeing you in March 2010

Sincerely,
Elie Rouw, MD, Dr. Skadi Springer, MD
Urszula Bernatowicz-Lojko, MD
Academy of Breastfeeding Medicine
